Youth Courts: Anchors of Justice

13th Annual State Youth Court Conference
University of Alaska Anchorage & Wendler Middle School
Anchorage, Alaska
October 30 – November 1, 2008

We all do our best, day to day throughout the years, to ensure that Alaska's youth courts serve our defendants, the State and victims to the utmost of our ability. We continue to accept the challenge of responsibility entrusted to us, thereby earning and maintaining the trust and respect of defendants, their families, government officials and others in our communities.

Since Alaska's population is so spread out, the Annual State Youth Court Conference is our opportunity for meeting in person to enhance our effectiveness. Youth Court members and supporters from throughout the state meet to personally share what works in their youth courts, to learn what's new in Juvenile Justice, gain skills from hands-on sessions and learn more about law related careers. We hope you can be a part of this exciting, informative and educational gathering.
